AIMING FOR PERFECTION IN EVERY DETAIL

CII has been manufacturing quality upholstered furniture for over 14 years. Established in 2009, CII has quickly gained a reputation for manufacturing specialty crafted upholstered seating and custom furnishings.

We use only the finest materials in the manufacture of our products. Our selection of materials and finishes include high-quality fabrics and leathers, premium high density fire retardant foam, solid wood frames, Canadian down fill, and custom metalworking.

We provide full detail drawings to our customers so that they can visualize their design before production.
