# AMERICAN LODGE

AMERICAN LODGE is a collection of authentic, handmade furniture showcasing traditional, relaxed style that is made to be lived in with natural character.

100% of our production happens in North America because we are committed to outstanding craftsmanship. Each piece is constructed by hand, using traditional techniques like 8-way hand tied seat support, down-blend channeled back cushions and down-blend wrap-seat cushions. A true signature of quality.

The American Lodge collection offers a distinct personality to your home with the promise of ultimate comfort and longevity.
